## TOTAL CUSTOMIZATION OF THE PRODUCT/ PERSONALIZZAZIONE TOTALE DEL PRODOTTO

Our TENDIFLEX® SPHERE posts can be customized in many ways: the upper cap can be printed with the client logo and the rings can be customized with the corporate or environment colors, making each SPHERE a one-of-a-kind item.

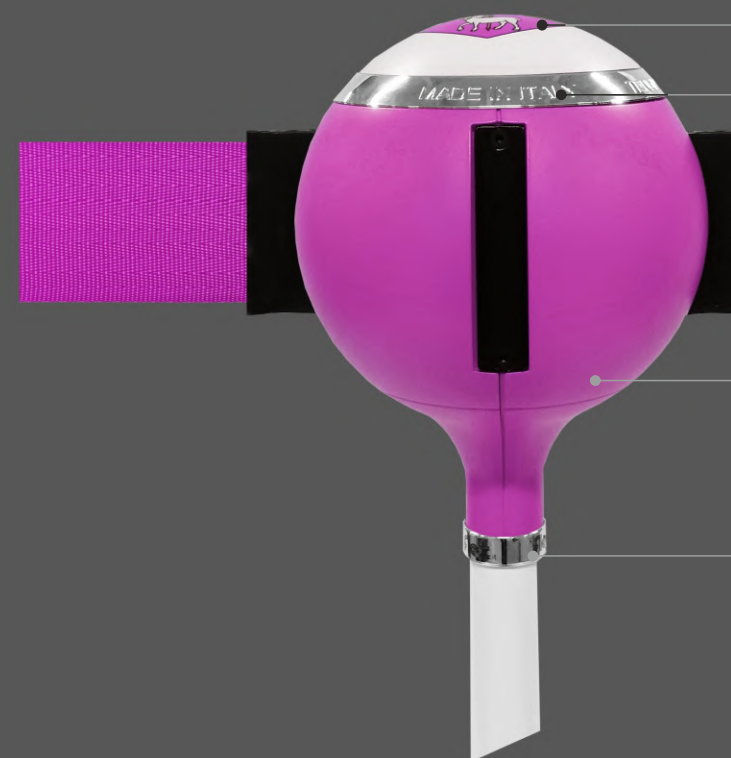

*Le nostre colonnine TENDIFLEX® SPHERE possono essere personalizzate in svariati modi: della calotta superiore con il logo del cliente agli anelli della sfera con i colori aziendali o dell'ambiente circostante, rendendo ogni SPHERE un oggetto unico nel suo genere.*

## SIMPLE AND QUICK CHANGE OF THE UPPER CAP/ SEMPLICE E RAPIDO CAMBIO DELLA CALOTTA SUPERIORE

The quick and simple change of the upper cap of our TENDIFLEX® SPHERE gives a completely new look to the product in just a few seconds, making it perfect for any environment.

*Il cambio rapido e semplice della calotta della nostra TENDIFLEX® SPHERE consente di dare una nuova veste al prodotto in pochi secondi, rendendolo perfetto per ogni ambiente.*

## ERGONOMIC AND MAGNETIC TAPE-END VERSION AVAILABLE/ DISPONIBILE CON AGGANCIAMENTO ERGONOMICO E MAGNETICO

Our TENDIFLEX® SPHERE is available with 2 different types of tape-end:

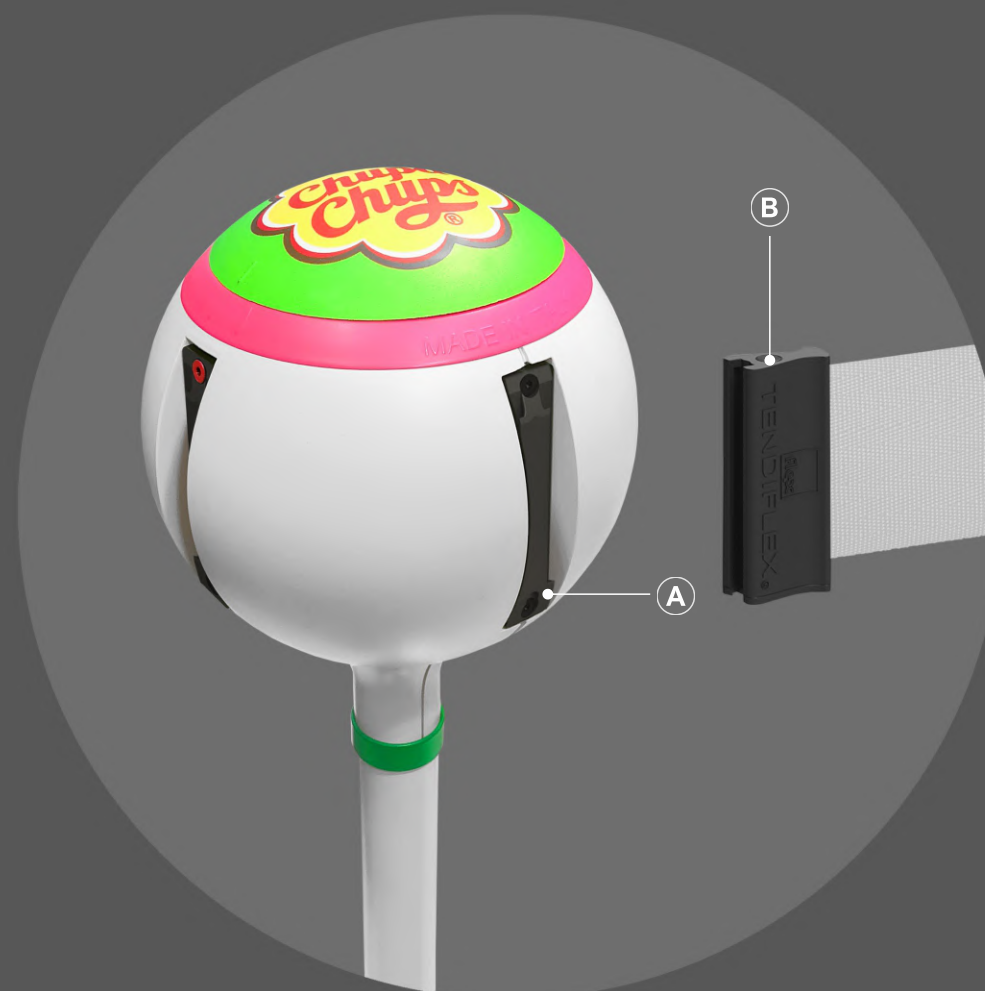

**Ergonomic:** suggested in crowded environments such as airports and train stations.

**Magnetic:** allows a simple and fast “release” of the belt. Ideal in situations where safety is a priority.

La nostra TENDIFLEX® SPHERE è disponibile con 2 differenti tipologie di aggancio del nastro:

**Ergonomico:** consigliata in ambienti affollati come aeroporti e stazioni ferroviarie.

**Magnetico:** consente un “rilascio” semplice e veloce del nastro. Ideale in situazioni in cui la sicurezza è una priorità.

## TENDIFLEX® SPHERE WITH CORD/ TENDIFLEX® SPHERE CON CORDONE

Our TENDIFLEX® SPHERE posts can be configured with an 18 mm diameter cord, which makes the product elegant and refined and suitable for more sophisticated environments. The bead is fixed to the sphere thanks to the magnetic plate which hooks directly to the spline of the post.

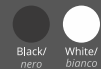

*Le nostre colonnine TENDIFLEX® SPHERE possono essere configurate anche con un cordone diametro 18 mm, che rende il prodotto elegante e raffinato e adatto ad ambienti più ricercati. Il cordone viene fissato alla sfera grazie alla piastrina magnetica che si aggancia direttamente alla spline della colonnina.*

## FLAT BASE TO FACILITATE THE MOVEMENT OF TROLLEYS AND SUITCASES/ BASE PIATTA PER FACILITARE LA MOVIMENTAZIONE DI CARRELLI E VALIGE

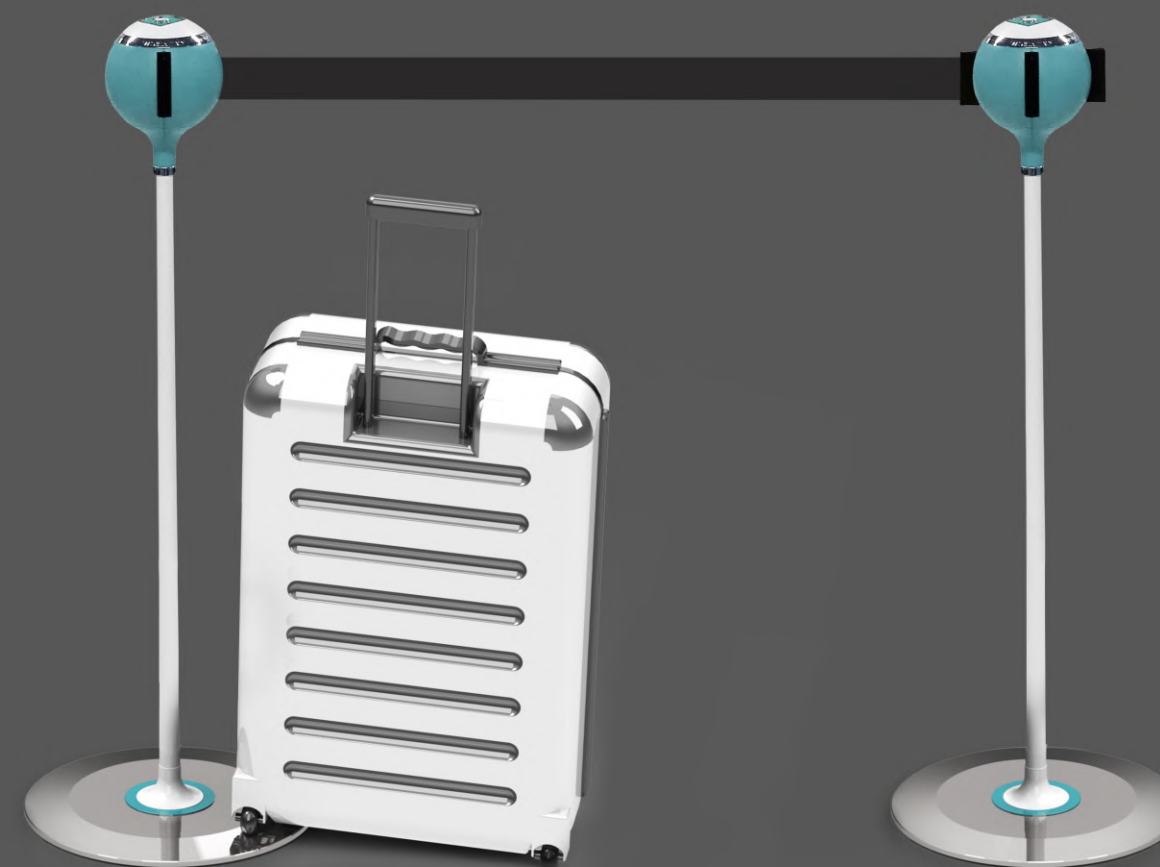

The standard and magnetic bases of our TENDIFLEX® SPHERE have a very low thickness and a 7 ° diagonal chamfer, fundamental characteristics for a smooth pedestrian flow, especially in environments such as airports and stations.

*Le basi standard e magnetiche della nostra TENDIFLEX® SPHERE hanno uno spessore molto ridotto e uno smusso diagonale di 7°, caratteristiche fondamentali per il corretto flusso pedonale, soprattutto in ambienti come aeroporti e stazioni.*

TENDIFLEX® SPHERE can be installed with magnetic fixing to the ground thanks to the galvanized disc positioned on the floor and the 4 magnets under the base of the post. The galvanized disks, supplied together with the posts, are fixed to the ground with 3M double-sided tape. They don't require any drilling operations.

*TENDIFLEX® SPHERE può essere installata con fissaggio magnetico al suolo, grazie al disco zincato posizionato sul pavimento e ai 4 magneti sotto la base della colonnina. I dischi zincati, forniti insieme alla colonnina, vengono fissati al suolo con biadesivo 3M e non necessitano di operazioni di foratura.*

## TENDIFLEX® SPHERE SIGN HOLDER/ PORTA CARTELLO PER TENDIFLEX® SPHERE
