SIMPLE AND QUICK CHANGE OF THE UPPER CAP

The quick and simple change of the cap of the new TENDIFLEX® SPHERE allows in a few seconds to give a new look to the product and make it perfect for any situation and environment. Company logos, event graphics, images, colors, texts and even directional wayfinding are just some of the possible uses that this innovative product allows, in addition to its native function of managing pedestrian traffic within the environments in which it is located.

# UNIFLEX "E"

## Social distance

The Uniflex "E" post for sign holders, with the simplicity of their design, combine perfectly with the lines of the most classic post.  
Inserting and substituting messages in the methacrylic sign holders is a quick and easy process.

# TENDIFLEX SPORT

## Social distance

The original TENDIFLEX® SPORT post with retractable belt represent the ideal solution to handle the environments with intense pedestrian traffic. The TENDIFLEX® SPORT post has a practical shockproof transparent message holder panel, fixed above the upright and used as a directional support or to communicate information to the customer. This system allows you to have a communication that can be updated in a few seconds, guaranteeing customers effective service indications.
