# UTILITY TENDIFLEX® OUTDOOR

Product for Outdoor

## UTILITY - TENDIFLEX® OUTDOOR

TENDIFLEX® OUTDOOR is a practical and resistant post which is specifically designed for outdoor environments. It is a solution suitable for an effective organization of space and the creation of ways inside large open spaces to maintain order and safety even in crowded contexts.

TENDIFLEX® OUTDOOR differs from the other TENDIFLEX® posts thanks to the plastic base which, filled with water or sand, guarantees stability but can be easily disassembled and transported. In addition, TENDIFLEX® OUTDOOR is equipped with a standard ergonomic tape end compatible with other TENDIFLEX® posts which may be present in your environment.

Weight: 8.6 Kg with water - filled base

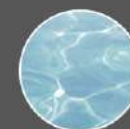

Sign holder - Size A4 vertical

BELT (length 370 cm)

97 cm

The base of TENDIFLEX OUTDOOR can be easily filled with water or sand. This procedure increases its stability.

## UTILITY - TENDIFLEX® SAFETY

TENDIFLEX® SAFETY is a practical and resistant post which is specifically designed for outdoor environments. It is a solution suitable for an effective organization of space and the creation of ways inside large open spaces to maintain order and safety even in crowded contexts.

In addition, TENDIFLEX® SAFETY is equipped with a standard ergonomic tape end compatible with other TENDIFLEX® posts which may be present in your environment.

The sporty design and the special ultra-resistant and ultra-flat base make them unbeatable in terms of durability and robustness. Painted steel base and post creates a strong guarantee.
